Chamber of Commerce Delegates Hear Suggestions for Readjustment Period.

Jr., and J. A. Farrell Tell of Coming Tasks.

Special Despatch to Tun Sus. ATLANTIC CITY, Dec. 5 .- Two striking ideas stood out from the mass of sugstions that came to-day from the readjustment and construction.

A high court of commerce, on lines

Many Ideas Developed.

Scores of ideas were developed in the general platform to be adopted to-morrow. Among them

A commission to be sent to France to represent business men during the industry as upon government or soession of the peace conference. Modification of the Sherman anti-

Restoration of the grain trade to status it had before the war and the removal of restrictions regarding production and distribution, giving alers, shippers and millers the same

protection as producers. Making of a strong appeal for loosening the hold the Government took over business during the war.

A demand for a great merchant ma-

materials in foreign markets. ranging from a demand for a high- which includes all employees, and

Farseeing business men," said Mr. and in the various nations. endall, "will do well to speak in no

confunction with the workers, ac-

complish by their means?" "It needs only a review of the activtties of Government during the past year and a half to demonstrate how utterly inadequate existing laws have! been in meeting even the simplest problems," said Mr. Regua. 'Indusmight not combine our railways. but Government was forced to com-bine them to give reasonable and ad-Mortgage and Trust Company West. Subsidiaries, is a director of many cor-complimented Capt. McMurtry on his France November 11. He commanded Company B. 106th Infantry. He was equate service. Industry might not sit in conference and discuss trade ern Union Telegraph, New York Cen- ment in battle. relations, practices and prices lest it infringe upon the Sherman law, yet Government promptly demanded cooperative action in order that industry panies. might efficiently discharge its functions.

who have nothing to lose; the teach-ASK TRADE COURT ing of thrift, therefore, is but the method of conquering radicalism. In self-defence, if for nothing more, capital should be striving and planning to make every citizen a property owner, to make every one of us hold immediate and personal interest in the stability of our Government by making

all of us have something at stake. "Trades unionism has come into existence because mankind was forced to collective bargairing in self-defence WAGE BOARDS ARE URGED That there are bad leaders of unions is no more an excuse for condemning M. L. Requa, J. D. Rockefeller, all corporations because of the acts of the few. Public sentiment must see to it in the future that the one is condemned equally with the other.

Favors a Governing Body.

"Industry cannot expect such cooperative effort save under some wise and just form of Government supervision.

"Into the hands of a United States Board of Trade should be committed formulation to-morrow of a platform This body would plan all policy of to meet the industrial needs of the foreign trades relations; it would limit, of Commerce of the United States as a short, prescribe the ethics, limit the members of the race in Europe. guide during the period of post belium activities, determine the practices and represent the Government, to the end that industry should most efficiently.

to an opportunity to earn a living, to fair wages, to reasonable hours of for which this country has just conthe group conferences for welding work and proper working conditions; to a decent home, to the opportunity responsibility rests as heavily upon industry as upon government or so-liberation shall go on and there is and by coolness and miles, and miles, and by coolness and miles, and love, as well as to toil, and that the ciety to see that these conditions and Jews of Europe be given every assistopportunities prevail.

Industry Should Be Rewarded.

"I believe that industry, efficiency and initiative, wherever found, should dents of the various orthodox Jew conbe encouraged and adequately re- gregations. He said in part: warded, and that indolence, indiffer-

should be discountenanced. "I believe that the provision of adequate means of uncovering grievances and promptly adjusting them is of things than ever before and, surely fundamental importance.

Favors Individual Effort.

The glory and the greatness of the nation has rested upon the initiative of the individual. That spirit must be fostered and protected. Government may properly supervise, restrain, indicate limitations, but emphatically it should leave industry to execute the plans agreed to.

"During my sojourn in Washington 1 have been struck with the spirit of mutual distruct that has apparently characterized some Government and they will be sent to form the parently characterized some Governments and typists.
